Sir:

PRELIMINARY AMENDMENT

In order to place the above-identified application in better condition for examination,
please amend the application as follows:

IN THE CLAIMS

Please substitute the following amended claim 25 for corresponding claim 25 previously
presented. A copy of the amended claims showing current revisions is attached.

09892747-062301

25. {ONCE AMENDED} A program transmitting receiving system, comprising:

a program supply system comprising:

server-side operation judging means for confirming an operation state of
the program in the user system; and

accounting means for asking a user to pay for the program after confirming
the operation of the program;

a program receiving apparatus comprising:

user-side operation judging means for confirming operation of the program;

and

operation confirmation notification transmitting means for transmitting a
notification of operation confirmation to the server so as to allow the server to confirm an
operation state of the program; and

wherein the program supply system and the program receiving apparatus are
connected to each other via a network.

REMARKS

The above amendments are made to place the claims in a more traditional format.

Attached hereto is a marked-up version of the changes made to the claims by the current
amendment. The attached page is captioned "**Version With Markings To Show Changes
Made.**"

NOMURA et al.
